

Fabric lamp shades

Vol. 1 - 2021

EBB&FLOW

Room for personality

EBB & FLOW designs decorative lighting and crystal bowls. All glass and crystal is mouth-blown, hand-cut and hand-decorated, and our fabric shades sewn by hand.

All products are hand-built and finished in Denmark. A human process that creates high quality and unique products.

Striving to add personality to any space, all EBB & FLOW products come in a wide selection of colours and sizes. A collection of pendants, table lamps, floor lamps, wall lamps, surface lamps, and fabric lamp shades.

Luxurious fabrics, bringing
softness, luxury & calmness
to your home

A wide collection of sizes,
ranging from tall and narrow
to short and wide

Mix & Match

Personality is key in interior design. The items we surround ourselves with are an expression of our personality, a way to show the world who we are.

Design your own lamp with our Mix & Match concept. A lamp that speaks **your** name and reflects your personality, a lamp that is genuinely you.

Choose your favourite table or floor lamp base in glass, crystal or brass, and pair it with a fabric shade from our wide collection of textiles in gorgeous colours and prints.

Your very own unique lamp that expresses **your** personality.

Fabrics

Our designer has curated a collection of beautiful fabrics in luxurious materials across a wide selection of colours and prints. Our own collection of glass, crystal and brass lamps needed something to play up to those hard materials. And what better than adding fabric to the collection?

The fabric shades add softness and balance to the glass and crystal designs. They can be used as pendants, or you can pair them with your favourite table or floor lamp base. Choose the fabric shade of your dreams and add personality to your home.
